REVIEW OF LINEAR ALGEBRA DAVID POOLE 3RD EDITION DOWNLOAD

- This was my first Kindle purchase and I was pleasantly surprised at how easy, quick and user-friendly the experience was. I read this on my Android smartphone using the free Kindle app. Quite a pleasant experience which I would be glad to repeat, and will! Regarding the book itself, if you haven't already read

The Hobbit, I highly recommend it. Read and re-read it and even read it to your children as applicable and when they are ready.

- Like many, I am a long time fan of Tolkien, and have read The Hobbit, The Lord of the Rings, and The Silmarillion more times than I can remember. This audio adaptation is not as strong as the BBC The Lord of the Rings. I especially prefer the LotR's

Gandalf, and no one can beat Ian Holm as Frodo. Nevertheless, the BBC Hobbit is entertaining and delightful. After acquiring my own copy and listening to it numerous times in the car, etc., I bought a copy for my niece and nephew, and they loved it too. It is abridged, and has minor changes to the actual story. But overall, I thought it was pretty good.
