REVIEW OF GETTING STARTED WITH OPENCART MODULE DEVELOPMENT

- Written 15 years ago as writer Phillip Emmons, this latest Bentley Little book is missing all of the horror elements I have enjoyed in all of his previous novels. More of a cop thriller than horror novel, I found it very predictable and at some points kind of boring. I look forward to more of the classic Little tales in the future.

- Not necessarily bitchy is what men want, but they oddly enough don't like to walk all over their women. (Coulda fooled me!!). I'm working with this. Doesn't seem to make any difference in the men in my life if I kowtow to them or assert myself. If I kowtow I'm needy, if I'm assertive I'm a bitch. Basically it's telling me what I should have known all along. As women towards men, we are damned if we do, damned if we don't.
