Unfortunately, the places that need hovercraft are tough, rugged, god-forsaken and not in the least bit glamorous - just like John and Russ, in fact. REVIEW OF DEUTZ AIR COOLED 3 CYLINDER DIESEL ENGINE MANUAL

- I read the whole series when I was 11 years old. It was great! If you find the review titled "some people have no patience", then read it. I heartily agree. As she/he says, if you can't surpass reading a two page poem, then don't be reading a 700+ page book. The descriptions are extremely useful, they provide history, which helps to organize things in your mind. Anyone who reads this book and says it was a disappointment needs to rethink their life.
- Although I haven't read this book by Nicky Cruz, I thought I'd just add my own "2 cents". This is just a bit of trivia about the author. This is the same Nicky Cruz who is mentioned in the book, The Cross and The Switchblade. He was portrayed in the 1970's movie, of the same name, by a young Eric Estrada (TV's CHIPS).
