REVIEW OF PHILIPS ACHIEVA MRI SERVICE

- This book is one of the worst Star Wars books I have ever read!!! There aren't any Jedi princes!!! And why does that Baji dude say everything in rhyme??? Don't you think that if there really was a "Lost City of the Jedi," the Rebels would

have found it when they made their base there?? I advise you: if you are a true Star Wars fan, you will not read this book full of false information

- This book is great because you understand how wrongly the Jewish State of Israel treats poor people -- depriving them of their jobs and livelihood.
