REVIEW OF PRINCIPLES MACROECONOMICS MANKIW 5TH EDITION TEST BANK

- A very good review of science vs catholic church with a short (very telling) history of the church. The author was a well educated science advocate. Reading the book, I sometimes forgot that it was written in the 19th century, the arguments and observations still apply today. Plus, you can't beat the price, free.
- This is a decent bible for the price. The cover is certainly supple and high

quality. The drawback is that the inside of the bible is no different than the much less expensive genuine leather version, which costs considerably less. The paper is the same and the imprint pressure seems to be even less solid; the lettering of the genuine calfskin edition seems more faint than the cheaper versions. So you'll have to decide if you want to pay

that much for an improved cover, b/c no positive changes can be found on the inside. It's exactly the same if not slightly less quality. I've owned both the genuine leather and the genuine calfskin, and consider the genuine leather to be a better value. Until Cambridge's ESV editions are released beginning in October 2008.
