REVIEW OF ALGORITHM DASGUPTA SOLUTION

- Narrated by Mary Boleyn, the lesser known of the Boleyn sisters, this book touches on every aspect of a good fiction novel. Love, trust, deceit, passion and romance. The author is extremely vibrant in her writing, you find yourself glued to the book and without realizing

it, you have finished another 100 pages. Awesome book! I'm so glad it was picked as a book group choice.

- Don't be deterred by its length, The Other Boleyn Girl is a worthwhile read. With this novel, the reader gets history, mixed with drama and adventure. As a reader, you grow to have true feelings for these characters, while you might know what historically happened to them. A fine novel!
