REVIEW OF CONDITIONS IN OCCUPATIONAL THERAPY EFFECT ON OCCUPATIONAL PERFORMANCE

- This book is a classic when it pertains to building and establishing a relationship that works for you and your partner. It is written with a much different perspective and definition of an open marriage than today's view of Open Marriage. I highly urge anyone in a relationship to read this book together with their partner as a way to stimulate and nurture individual and collective growth. Please keep in mind the time period this book was written in, as some of the examples used to illustrate points will not speak to the current dynamics between the sexes. Overall, it's a thoughtful and transforming read.

- While this book is a take-off on the classic *Snow White*, it's a fairytale for grown ups with some class act characters and a rich and rewarding love story. I thoroughly enjoyed reading it, and look forward to more of Ms. Sinclair's works.
