*Pirate Robot Ninja* Meriwether Pub

Become fearless using the skills of improvisation

### **Improv Comedy** Hal Leonard Corporation

"More fun to read than the movie was to watch... a scene-stealing book." — The Washington Post An Entertainment Weekly "Must List" selection *Caddyshack* is one of the most beloved comedies of all time, a classic snobs vs. slobs story of

working class kids and the white collar buffoons that make them haul their golf bags in the hot summer sun. It has sex, drugs and one very memorable candy bar, but the movie we all know and love didn't start out that way, and everyone who made it certainly didn't have the word "classic" in mind as the cameras were rolling. In *Caddyshack: The Making of a Hollywood Cinderella Story* film critic for Entertainment Weekly Chris Nashawaty goes behind the scenes of the iconic film, chronicling the rise of comedy's greatest deranged minds as they form The National Lampoon, turn the entertainment industry on its head, and ultimately blow up both a golf course and popular culture as we know it. *Caddyshack* is at once an eye-opening narrative about one of the most interesting, surreal, and dramatic film productions there's ever been, and a rich portrait of the biggest, and most revolutionary names in Hollywood. So, it's got that going for it...which is nice.

**101 More Improv Games for Children and Adults** Meriwether Pub

As an improv comedian: are you a pirate, robot or ninja? Know your type so you can appreciate your strengths while also focusing on what you have left to learn. This book is 200 pages of lessons, exercises and metaphors designed by two teachers and performers from the Upright Citizens Brigade Theatres in New York and Los Angeles. Also, it's written as a fable where you are an "improv seeker" in an mysterious dojo hidden in the mountains. That's pretty fun! "Billy and Will love to do the 'make'em ups' and they're quite good at it as well. I would read this book...if I could read." - Rob Riggle (Daily Show, US Marine Corps)

*Improvise Crown*

A collection of all six years of posts from the hit (?) blog about long-form improv, *Improv Nonsense*.

Impro Harper Collins

In *The Triangle of the Scene*, veteran improv teacher and performer Paul Vaillancourt lays out a simple set of tools that enable improvisors old and new to use the three basic elements of a scene to super-charge their work and take it to the next level. In this book, Paul shows you how to better connect with your partner, how to use the 'where', and how to find the ever elusive game of the scene. *The Triangle of the Scene* is also the first improv book to use embedded videos to allow readers to see the book's exercises and techniques in action. With 30 years of experience performing and teaching improv Paul (the Co-founder of the iO West and member of the legendary improv group Beer, Shark, Mice) shares with you the techniques that he has used to help thousands of students become more fearless, confident, and powerful improvisors.

*The Art of Making Sh!t Up* Simon and Schuster

ImproviseMeriwether Publishing

**How to be the Greatest Improviser on Earth** Samuel French , Incorporated

Keith Johnstone's involvement with the theatre began when George Devine and Tony Richardson, artistic directors of the Royal Court Theatre, commissioned a play from him. This was in 1956. A few

years later he was himself Associate Artistic Director, working as a play-reader and director, in particular helping to run the Writers' Group. The improvisatory techniques and exercises evolved there to foster spontaneity and narrative skills were developed further in the actors' studio then in demonstrations to schools and colleges and ultimately in the founding of a company of performers, called The Theatre Machine. Divided into four sections, 'Status', 'Spontaneity', 'Narrative Skills', and 'Masks and Trance', arranged more or less in the order a group might approach them, the book sets out the specific techniques and exercises which Johnstone has himself found most useful and most stimulating. The result is both an ideas book and a fascinating exploration of the nature of spontaneous creativity.

#### Causing a Scene Abrams

Improvise Better is an easy to read self-help book created with the new generation of improviser in mind. It's written for today's performers, looking for a quick fix to their performance problems. This book is a fast read with long-lasting results. Jimmy Carrane and Liz Allen have improvised, taught, and directed in Chicago for over thirty years combined, and have either seen or experienced the most common problems facing improvisers today. Improvise Better will give you simple tools for repairing your improvisation through original and enhanced exercises. This book addresses the improviser as a whole, including how offstage issues affect onstage performance. Speaking candidly about this very personal art form, Carrane and Allen offer common-sense solutions, some tough love, and a little inspiration along the way. Whether

you are a beginner or a veteran, Improvise Better will catapult you to the next level in your career as a working improviser.

#### Improvise for the Spirit Improvise

"A practical, fascinating, and funny guidebook. I've already begun applying hints from Improvise for the Spirit, and I'm hoping that from now on, when people point and laugh at me, it will be for more appropriate reasons. A delightful read, filled with wonderful strategies." - Martha Beck, Life Coach Columnist for O, The Oprah Magazine, and author of Steering by Starlight Wish you could gag your Inner Critic? Feeling blocked creatively? Want to make a big change, but fear taking the leap? Comedy improv requires quick thinking, collaboration, getting out of your own way, and being in the moment without being a perfectionist. Katie Goodman, an internationally touring improv comedian and comedy writer, uses her witty and encouraging style to show you how to acquire the skills of improv comedy and apply them to every aspect of daily life. Along the way Goodman shares hilarious and insightful stories from her experiences onstage, as well as step-by-step exercises from her popular self-discovery workshops and retreats. Packed with creative, original, and, most importantly, fun exercises, Improvise for the Spirit offers a truly transformational guide for anyone wanting to get more out of life. "Bottom line: Katie is funny. She teaches you to live your life like an improv scene - no fear and fully committed." - Wayne Brady, improv comedian, Whose Line Is It Anyway? and Don't Forget the Lyrics "Katie Goodman's writing flows and then jumps with anecdotes and prescriptions for finding courage. Fun to read, hard to

put down." - Lesley Stahl, 60 Minutes "If you feel that something is holding you back, that the life you are meant to live is out there somewhere if only you could find it, then this book should go straight to the top of your reading list." - Carl Honore, author of *In Praise of Slowness* and *Under Pressure*

Something Wonderful Right Away  
Amsterdam University Press

The behind-the-scenes story of the iconic funnymen who ruled '80s Hollywood—Bill Murray, Steve Martin, Chevy Chase, John Belushi, Dan Aykroyd, and Eddie Murphy—and the beloved films that made them stars, including *Animal House*, *Caddyshack*, and *Ghostbusters* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NEW YORK "An enjoyable romp that vividly captures the manic ups and downs of the remarkable group of funny folk who gave us a golden age of small and big screen comedy, from SNL to *Groundhog Day*."—Peter Biskind, author of *Easy Riders, Raging Bulls* *Wild and Crazy Guys* opens in 1978 with Chevy Chase and Bill Murray taking bad-tempered swings at each other backstage at Saturday Night Live, and closes 21 years later with the two doing a skit in the same venue, poking fun at each other, their illustrious careers, triumphs and prat falls. In between, Nick de Semlyen takes us on a trip through the tumultuous '80s, delving behind the scenes of movies such as *National Lampoon's Vacation*, *Beverly Hills Cop*, *The Blues Brothers*, *Dirty Rotten Scoundrels*, and dozens more. Chronicling the off-screen, larger-than-life antics of Bill Murray, Chevy Chase, Steve Martin, Dan Aykroyd, Eddie Murphy, John Belushi, John Candy, and Rick Moranis, it's got drugs, sex, punch-ups, webbed toes, and Bill Murray being

pushed into a swimming pool by Hunter S. Thompson while tied to a lawn chair. What's not to like? Based on candid interviews from many of the stars themselves, as well as those in their immediate orbit, including directors John Landis, Carl Reiner, and Amy Heckerling, *Wild and Crazy Guys* is a fantastic insider account of the friendships, feuds, triumphs, and disasters experienced by these beloved comedians. Hilarious and revealing, it is both a hidden history of the most fertile period ever for screen comedy and a celebration of some of the most popular films of all time. Praise for *Wild and Crazy Guys* "Eminently readable . . . Children of the 1980s, take note: this is a fond, engrossing look back at the making of movies that became cultural touchstones."—Booklist (starred review) "Nick de Semlyen smartly charts the pinballing career paths of the stars of this new comic wave. . . . His punchy, nonstop narrative . . . tells a [story] where art and commerce smash hard against each other, sometimes causing destruction, but sometimes making sparks fly."—The Sunday Times (UK)

**The Triangle of the Scene** Harmony

Advice for performing long-form improv from a longtime teacher and performer.

## REVIEW OF IMPROVISE SCENE FROM THE INSIDE OUT ZUMLEO

- This is the first of Miranda Jarrett books that I have read and will definitely read others. She with a wonderful flair. Her love scenes are stirring and the interaction of the characters is very nice. Franceseca and Edward are definitely meant for each other.

- Ahhh, there's nothing better than seeing a new book from the always

analytical Mona Charen. My local newspaper, the Omaha World Herald, once carried her editorials on a regular basis. They also reprinted at one time the conservative opinions of Thomas Sowell and Michelle Malkin. Alas, no more. Now I get an eyeful of Bill O'Reilly and George Will balanced by a bunch of leftist hacks I'd just as soon ignore. Although her biting wit has been missing from my paper for some time, I fondly remember spending many a day perusing Charen's observations about the latest left-wing lunacy. Reading her articles and her two books, I soon came to the conclusion that dear Mona is sort of an old guard conservative, meaning Ronald Reagan era conservatism. It's not surprising, really. Charen once worked as a speechwriter for Nancy Reagan as well as served time in the White House's Public Affairs Office. She also helped spread the word about the White House's policies in Central America. For a comprehensive examination of 1980s conservative/liberal battles as seen through the eyes of Charen, read her book "Useful Idiots." If you want a book that addresses specific liberal social policies that have led to domestic disaster, read this book. "Do-Gooders: How Liberals Hurt Those They Claim to Help" feels like an echo of conservative treatments released in the 1980s. There is nothing original here in terms of subject matter--Charen writes about the destructive influence of left-wing thought and action concerning homelessness, schools, crime, racial sensitivity, and the welfare state. Nearly every author in the conservative camp covers most of these issues at some point, but Charen's book is slightly better than most thanks to her reliance on massive statistical evidence to back up her horrific assertions. And they are horrific in the sense that decent

Americans have let this nonsense go on for far too long, now going on forty years too long. Ever since the counterculture blighted the American landscape, we've had nothing but problems that seem to go on and on without end. Problems including but not limited to sky-high divorce rates, massive explosions in the numbers of both violent and nonviolent crimes, a tidal wave of costly entitlement programs that bring dependency to thousands upon thousands more citizens every year, an increase in drug use, and an embarrassing number of single mothers. Charen begins her book by casting us back into time, back to the days of the mid to late 1960s when the Supreme Court expanded the rights of criminals through the Miranda and Mapp cases. Sure, these rulings certainly helped some innocent people charged with a crime escape wrongful convictions, but they led to far more thugs getting off on technicalities. These rulings also opened the door to a leniency towards criminals that continues to shock the public. Charen shows us how Judge "Turn 'Em Loose Bruce" Wright operates in the courtroom, and how Justice Harold Baer let a gang of narcotics dealing thugs go because their efforts to flee from the police constituted "a normal response for residents of Washington Heights" since it is widely known in that neighborhood that cops are "corrupt, abusive, and violent." Leniency on crime not only insults the intelligence of most Americans, it also breeds more crime and fosters distrust of authority in poor neighborhoods where most of these offenses take place. Throw in at roughly the same time LBJ and his "Great Society" programs, which threw billions of bucks at insolvable problems while normalizing riots and other objectionable

behaviors, and you've got a foundation for endless heartache. According to Charen, it was only a hop, skip, and a jump from legitimizing criminal behavior to endorsing the idea that the mentally ill deserved to walk the streets just like the rest of us. After all, if criminals are only practicing an alternative lifestyle surely the residents of the local asylum should have an equal opportunity to live life to the fullest. Thus began the emptying out of state hospitals and the concomitant rise in homelessness. Someone suffering from a long-term illness, like a man named Larry Hogue who terrorized a neighborhood in New York City for years because the authorities couldn't put him away, did not deserve to spend his days locked up where he could receive long-term assistance. Nope, liberals argued that Ronald Reagan and a lack of affordable housing led directly to the plight of the homeless. Remember the days of Comic Relief in the 1980s, the heavily hyped Hollywood gala that ran for nearly the entire span of Reagan's presidency? Homelessness, these people told us, was a big problem exacerbated by having a heartless republican in the White House. Amazingly, homelessness disappeared

the day Clinton assumed the presidency. Wow! Slick Willie cured a problem plaguing millions by merely taking the oath of office! Actually, according to the author, studies conducted by numerous groups found the number of homeless in America was at most 250,000 people, hardly the numbers regularly cited by liberals. Charen relentlessly repudiates further liberal policies and actions. School vouchers, a touchy political hot potato, comes under fire. Liberals hate vouchers because they suspect, and rightfully so, that allowing students to attend private schools will undercut the education establishment. They won't come out and say that, of course, because to do so would amount to admitting that most of their campaign contributions come from the teachers' union. In other words, it's far better to let the nation's kids languish in mediocre public schools than give up those reelection dollars. Nice. I could go on and on, but why bother? There is plenty of relevant information in the book that explodes many of the political left's most cherished beliefs. Readers sick of watching the country take a downward spiral will want to check this one out. Then read "Useful Idiots."
