## REVIEW OF PRENTICE HALL ALGEBRA 1 ANSWERS CHAPTER 10

- This book is fantastic. I've read it twice because once isn't enough
- How did I get to be 47 and never read this wonderful book! Compelling story, 4 main characters that I cared about despite their flaws and weaknesses, wonderful descriptions of life in the west in the early 20th century. Stegner wrote this book when he was a young man; interesting to compare to his better known *Angle of Repose* which he wrote as an older man. This is a book I couldn't wait to come home to, curl up with, and become a part of the Mason family.
