Thank you for selecting our platform for your PDF downloads. We expect offering you with excellent solution and diverse alternatives for several years ahead.

#### REVIEW OF DENIM AND LACE

- I read this as a teen, but didn't appreciate the power and beauty of "East of Eden" then. It is Steinbeck's best work! I would recommend it to anyone.
- One way to separate a great book from a book that falls far short is to think about whether the characters are realistic and fleshed out. Read War and Peace. Read Brothers Karamazov. Read Remembrance of Things Past. East of Eden has cardboard characters meant to display good and evil for you. I'll give you an example, so you can see where I'm coming from. It doesn't convey my whole feeling that the characters are cardboard but it points you in the right direction."Abra came in with shining eyes and a red nose from the frosty wind, and she brought such pleasure that Lee giggled

softly when he saw her."Do you mind being manipulated by an author's cliches? I do. The shining eyes of a good child, the red nose of a good child on a frosty morning, you can take your shining eyes and red nose and frosty wind and stick them, along with Lee's delighted giggle.I don't mean to condemn Steinbeck for that one paragraph, which an eighth grader could have written. I mean to bring out that paragraph as an illustration of an overall weakness in the writing. The characters represent good or evil, and they are annoying. All the characters who begin with A (Abra, Adam, Aron) represent Abel, and all the characters who begin with C (Cal, Cathy, Charles) represent Cain. Gee, duh, thank you, that's heavy.It's not that I enjoy trashing well thought of books. It's something else. I resent that the great books are diminished when something like this is complimented. True quality deserves to be separated above stuff like this.Try this one on. One of the characters makes a lot of money in an investment, and ends up burning all the money he has made. Tell me something - how the hell is he going to raise enough money to pay taxes on that realized gain? IRS won't

care that he burned the money. They will be coming for their taxes. The author wanted his character to make that annoying, stupid sacrifice, burning lots of money. Well, if the character doesn't care, neither do I. I hope IRS nails him good.I'll tell you where Steinbeck really started to lose me. He played one of those stupid "I know something you don't know" teases on us readers. He had one of the Trask brothers enlist in the army. We expected Cal to do it, but he threw us a clue that it was probably Aron. Then he left us there and changed the subject. Nyaa nyaa nyaa nyaa nyaa. Steinbeck knows which brother enlisted and we don't, and he's going to make us wait to find out. Isn't that great, brilliant writing. Dust off that old annoying trick. And the reason we don't know is because he didn't tell us what happened in chronological order. He lets us know later that something happened earlier. So our ignorance is his fault, and he's teasing us with it.Thank you, Clifton Fadiman, for not including this book in your Lifetime Reading Plan of the great books. East of Eden is more or less on the level of Sidney Sheldon. The Back Street Boys of literature.
