REVIEW OF CHAPTER 1 THE HUMAN BODY AN ORIENTATION WORKSHEET ANSWER

- The measure of a writer is the diversity of people whose hearts he or she can reach. By this standard, Chaim Potok was a genius. His story of a Jewish boy growing up in 1940's Brooklyn spoke directly to me, a Catholic girl growing up in small-town West Texas at the most recent turn of the century. The story of unlikely friendship was beautiful and one to which I think many people can relate. Who would have thought the son of a Zionist and the son of a Hasidic rebbe would be such good friends? Their beliefs were as different as two Jewish people's could be. They didn't-but God did. That is clear in this book. It meant a great deal to me, as my own best friend is a member of the Church of Christ. We're as opposite in beliefs as two Christians can be. But we help each other. That's what friendship is- that's what The Chosen is about.

- I read this book last year because my mom suggested to me. I started to read it at first and slightly after the baseball part I got bored. Then A few months later I picked up the book and read it again and found that it was very interesting. Being a reformed jew I found that I acutally did not realate much to the hasidic and othodox jews. I did however know the terms and I did not find it difficult to read. I do not understand how people could find this book boring and I think that if they would of given the book a chance they would of enjoyed this book.
