### The Statement of Randolph Carter Macmillan

Horst Cabal has risen from the dead. Again. Horst, the most affable vampire one is ever likely to meet, is resurrected by an occult conspiracy that wants him as a general in a monstrous army. Their plan: to create a country of horrors, a supernatural homeland. As Horst sees the lengths to which they are prepared to go and the evil they cultivate, he realizes that he cannot fight them alone. What he really needs on his side is a sarcastic, amoral, heavily armed necromancer. As luck would have it, this exactly describes his brother. Join the brothers Cabal as they fearlessly lie quietly in bed, fight dreadful monsters from beyond reality, make soup, feel slightly sorry for zombies, banter lightly with secret societies that wish to destroy them, and—in passing—set out to save the world.\* \*The author wishes to point out that there are no zebras this time, so don't get your hopes up on that count. There is, however, a werebadger, if that's something that's been missing from your life.

Then a figure from the tainted past returns to make her an offer she cannot lightly refuse - a plan to stop the war. But to do it she will have to turn her back on everything she has believed in, everything she has ever fought for, to make sacrifices greater even than laying down her own life. To save Russalka, she must become its greatest enemy.

Accepting the bargain, Jonathan is given one calendar year and a traveling carnival to complete his task. A Darkly Gripping Comic Fantasy Beyond the wall of sleep lies the Dreamlands, a world formed by dreams, but not a dream itself. For countless millennia, it has been explored only by those with a certain detachment from mundane reality, its strange seas navigated and its vast mountains climbed by philosophers, mystics, and poets. Well, those halcyon days are over, beatniks. Johannes Cabal is coming. Cabal, a necromancer of some little infamy, is employed by the mysterious Fear Institute to lead an expedition into the Dreamlands, an expedition to hunt and destroy the dread Phobic Animus, the font of terrors, the very source of all the world's fear. They will enter exotic lands where magic is common and monsters abound. Cabal will encounter witches, vile abominations, and far too many zebras. And, when they finally come close to their goal, Cabal will have to face his own nightmares. But for a man who communes easily with devils and the dead, surely there is nothing left to fear. . . .

But wars leave wounds that never quite heal, and secrets that never quite lie silent. Katya Kuriakova doesn't care much about ancient history like that, though. She is making her first submarine voyage as crew; the first nice, simple journey of what she expects to be a nice, simple career. There is nothing nice and simple about the deep black waters of Russalka, however; soon she will encounter pirates and war criminals, see death and tragedy at first hand, and realise that her world's future lies on the narrowest of knife edges. For in the crushing depths lies a sleeping monster, an abomination of unknown origin, and when it wakes, it will seek out and kill every single person on the planet.

#### **REVIEW OF CARTER LOVECRAFT A NOVEL**

- One of the best Scarpetta's novels. I was afraid of what could happen without Benton but Cornwell haven't disappointed me. I'm looking forward to reading the next.
- Before reading Cornwell's latest thriller, I read the on-line reviews and became a little disappointed. However, after I began reading the book, I couldn't put it down. There were enough twists and turns to keep me interested, and I was delighted to see that Kay did not hibernate alone at home for too long. I lost faith in her when she became sullen and distant one year after Benton's death. I'm glad to see she's moved on. Can't wait to see what Scarpetta will tackle next!
