The unique narration design, relatable characters, and plot spins make it a beneficial addition to your shelf. So, if you're seeking a fascinating read, Corporate Finance The Core Berk Demarzo is absolutely worth taking into consideration.

#### **REVIEW OF CORPORATE FINANCE THE CORE BERK DEMARZO**

- Walter Trobisch was a missionary from Germany to Africa. When he arrived at one of his missions, he learned that the women often preferred polygamy because the work of women in the group was very hard, and with polygamy, there were more hands to do the work. They lived on a subsistence level. Also, because of frequent warfare between neighboring communities, there was often a shortage of men, and thus many women would never find a husband unless the men practiced polygamy. If a man divorced his wife, she would be destitute. Even though the Christian faith promotes monogamy, Trobisch preferred to encourage people not to divorce their younger wives because of the havoc it would create for everyone concerned. Instead, he encouraged people who married in the future to be monogamous. This book takes an example from the community, and lets him tell his story, by way of illustration of why Trobisch chose not to assert that polygamous men should divorce their "extra" wives in the name of Christianity. It is a very readable and enjoyable book, and gives tremendous insight into the fact that we must not run roughshod over local cultures in the process of spreading the Gospel. This is just one of many delightful books which Trobisch has written. It is too bad these are out of print, because they are well worth reading.

- I hadn't read this in about 20 years but decided to try it again. I really do like many of Bradley's Darkover books, especially the Renunciate books. However, The Spell Sword, one of her earlier works, has little depth to its characters and is not as well written as her later books. As another reviewer said, The Forbidden Tower, which I really like, has these same characters. The Forbidden Tower was published 3 years later and Bradley had improved her character and plot development skills most satisfactorily by then. The Spell Sword left me feeling unsatisfied and frustrated with the weak characters presented in the book. What little information the Spell Sword has can be found in later, much more well-written books. Its most interesting to read the Darkover books in chronological order (as listed at various websites), but you can skip this book and go directly to The Forbidden Tower and you would not have missed anything.
