### **LAST THOUGHTS**

Generally, we believe that Symantec Endpoint Protection 14 Nlsight deserves a read, regardless of some minor problems. The special narration style, relatable personalities, and plot spins make it a worthwhile addition to your bookshelf. So, if you're seeking a captivating read, Symantec Endpoint Protection 14 Nlsight is definitely worth taking into consideration.

### **REVIEW OF SYMANTEC ENDPOINT**

### **PROTECTION 14 NLSIGHT**

- I lived in a remote village in Haiti for five years and found this book while home in the USA for a visit. I found its stories unusual and charming -- and authentic! When I returned to Haiti I had a wonderful time with my Haitian friends as I related the stories I had read in this book and they would finish telling them with me and share how their mothers and fathers had shared these same stories with them.

- Well, to be really honest with you, I didn't like this book. Personally, I thought Ann Rinaldi could've done a little better. Some parts are interesting and maybe even suspenseful, but the rest is kind of dull. At some points in the book, Emily, the main character, is lying so much to her Uncle Valentine and is being so selfish, it's like, "okay, so when's she going to tell the truth or at least realize what she has done?"
