Overall, our evaluation of Prueba 3a 2 has supplied us with an abundant understanding of the story and its literary possibility. We extremely suggest this book to readers that are seeking a thought-provoking and mentally impactful read.

REVIEW OF PRUEBA 3A 2

- This elegant and informative book is the perfect introduction to the concept of sustainability - the meaning of which is self-evident but a working and uniform definition elusive. Brief, highly readable, thought-provoking essays examine the world's food system ranging from global to regional issues from the points of views of producers, politicians, activists, chefs, scientists, and educators. An excellent publication and an excellent gift. I gave copies as Christmas presents last year.

- I wish I had come to Amazon.com and read all the negative reviews before I wasted \$... on this junk. I read the rave reviews on the back of the book and foolishly bought it. It is a rambling collection of pages about a period of history in which I have no interest (the 1800's) and the writing in very choppy

and boring. The back of the book gave no clue as to the time period or the nationality of the characters. The "coming to America" stories are my least favorite. I never, ever throw books in the

trash-I usually give them to charity or to the library. I threw this one away. I want this book off the street, so no other poor soul would make the same mistake I did and read this drivel.
