REVIEW OF CRITICAL THINKING ABOUT TRUTH IN TEACHING THE EPISTEMIC ETHOS

- I absolutely loved this book and the main character (named my daughter after her). I admired her very much and

hope my daughter has her courage. The writing was very good and simple to read, and the book gave a good message. I read this book for the 1st time when I was about 12 or so, and I still read it today.

- This story takes place along time ago when people had wooden houses in Avonlea in the country. It is important because it shows you how people lived back then and how Anne became a teacher at 16 (that wouldn't happen today). This book is mostly about a 16 year old that wants to become a teacher at her old school. But some of her friends have different punishments for the children and about weird nabor that has a problem with change and a another nabor that has an adatitude problem and it is funny, sad, and educational. In my opinion this book is an ok book I did not really understand it because their were allot of difficult words but the the things I could read were great thats why I gave it 4 stars. I would recemend this book because it was a great book and it tells you how it would be like to be a 16 year old teacher
