REVIEW OF PROJECT LEAD THE WAY IED STUDY GUIDE

- I bought this books as a gift,so I did not actually read the book. But I did glance at the content and the book is well organized and has a lot of pictures. Looks like it covers most of the major names in music for that era.
- These two books, earlier regarded as products of the onset of his insanity, are now accounted two of the deepest and most profound of Nietzsche's works. Reading them is like a revelation, every page a feast for soul and mind alike. I must admit, I was an atheist long before reading Nietzsche, but if I had ever had any doubts before they were cleansed after just two pages from these two powerful polemics.
