REVIEW OF THE 21 IRREFUTABLE LAWS OF LEADERSHIP FOLLOW THEM AND PEOPLE WILL FOLLOW YOU

- In a world of the banal, the vulgar, the repellent, Julie Hecht glows with a true light. Her writing is both simple and complex. Her stories are of a wandering soul, a person trapped in solitude while speaking to many neighbors and acquaintances. All her conversations, as her cypher of a husband comments, are "futile, aimless". With no one has she the slightest communication beyond the trivial. Her attempts at communication invariably bounce right off those around her, like a bead of oil on water. Julie Hecht is incredibly funny, as in the opening title story, but she is also deep and subtle. Her story about a dinner at friends, featuring an unbearably smug Swedish wife with 4 small boys, is

really about the narrator's sad alienation because she is childless. Yet nowhere is this spoken. The reader must infer it from quiet moments. The angst-filled, anxiety-plagued narrator seems so like me, filled with worries that to her are real, looming possibilities rather than far-fetched scenarios, that although she would be horrified by my carnivorous eating habits and yogaphobic lifestyle, I nonetheless am presumptuous enough to feel we would be instant soulmates. Her final story, "Who Knows Why", which seems to be about the renovation of a floor, is really a melancholy reflection on the frustration of effort. Why bother? it seems to ask. Yet nowhere is this book of stories depressing. It is uplifting, it is spiritual, it is - well, brilliant. You probably won't like it, but since its Amazon sales rank is 400,000-something and it can be bought used for .01 cent, you are probably in the majority. I, though, have found my literary soulmate.

- Cannery Row is a series of vignettes of life on the California coast in the 1930's. The recurring theme Steinbeck seems to explore is the nature of friendship - be it the idol-worship of a mentally handicapped kid, the esprit de corps of a group of ne'er do wells, or the stoic relations the central character of "Doc" has with the rest of the community. It was brilliant. But Steinbeck's writing was also brilliant - the imagery is vivid, the character descriptions real, and the events that unfold in the tiny, blue-collar town of Monterey are plausible. It is easy to read, and easy to understand why it is considered such a classic of American lit.
