REVIEW OF WILEY 11TH EDITION ACCOUNTING PRINCIPLES SOLUTIONS

- Not what I expected. Done by someone else quality was poor print was poor was not put together well at all
- I work in a public library. I'll be honest, I bought this for the library, knowing it would go out like crazy when students had papers. A quick and dirty way to the classics. If you are really into the classics, skip this. You probably wont like it. If you are not into the classics, but want to read this first before checking out certain things, do so.
