REVIEW OF ENGINEERING MANAGEMENT BY ROBERTO MEDINA BEIJINORE

- The barsoom series of Burroughs are great. John Carter is the last hero on a daying world. Lots of epic battles,

friendship and true love. This book has everything. Read at least the initial trilogy and don't watch the movie that completely sucks.

- I think that this book was extremely boring. The book is very slow and has no action. In the first 100 pages there is a boat ride and a slow conversation. Instead of not being able to put the book down I struggled to pick the book up! I hope to never read it again and only recommend it to anybody who enjoys being bored.
