REVIEW OF 1997 TOYOTA TACOMA MANUAL ONLINE

- The Wheel of Time is a series not to be lost in the modern crap fantasy series. Robert Jordan has a rich, world which is extremely realistic. A great book of the classic battle of good against evil. Not to miss!
- Robert Jordan is a great author. I've read all of his books and can't get enough of them. This one compared to the other 6 was not what I would fancy as one of his books. I have to agree with many other reviews I've read on this book that it was not nearly as interesting as the first 5. After that his books weren't as fulfilling. I do have to say though that I think he's just building up to a greater theme and he is just laying all the groundwork right now. Hopefully his next book will start getting back to the main plot instead of diving off into all these subplots
