REVIEW OF NISSAN URVAN E25 SERVICE MANUAL

- There is already a book very similar to this one about a dog's adventure in Paris. Findley took credit, with the true author's approval however, for this book that John Demires actually entirely wrote. The book was indeed entertaining

and it gave a good overview of many of New Orleans' novel attractions.

- It's intriguing: The scriptures that have come down to us really aren't accurate and maybe we should rethink what being a Christian really means. However, this book uses little substantiation for its assertions, preferring, evidently, to be controversial rather than thoughtful. If

you really have questions about the "holy" bible, please read Bart D. Ehrman's MISQUOTING JESUS. The author's credentials are REAL, his proofs are relatively clear, and his message is more useable: The bible is a human document that has application in our lives. My advice: Continue to be a seeker of Truth...but don't bother buying this book.
