The special narration style, relatable personalities, and story spins make it a worthwhile enhancement to your shelf. So, if you're searching for a fascinating read, Engel Injection Molding Machine is absolutely worth considering.

REVIEW OF ENGEL INJECTION MOLDING MACHINE

- I had lot of expectations in this book. Unfortunately, the most important fight in the early hound of D-Day were very little covered. Too much silly episodes, rather than a more comprehensive description of the firefight. On the other hand, you

can find a very good introduction of training of company, the glider landing and the first minutes of the combat. After all, after LT. Brotheridge died, nothing more is clear, there is not anymore a storyline, it seemed that the author had to finish the book at a glance.

- As the owner of a small business specializing in fine decorative finishes, particularly authentic colored-plaster veneers as of late, I am always seeking to broaden my insight into the technical aspects of the plastering trade. As in the case of all trades, the art and science of plastering is not simply cut and dry with glossy photographs and glamorous coverart. This book is a necessary read for anyone desiring to produce quality plaster work, for it takes the reader through the broad scope of the trade while

providing mountains of insightful detail. From raw material chemistry to essential tools, to the proper methods of finishing walls, ceilings, and decorative trimwork, the information is presented clearly, well illustrated, and in a manner that a common laborer with a reflective mind can absorb, retain, and apply. Specific difficulties and job-related uncertainties are developed, especially concerning the bonding properties of plasters to different materials. So much technical information, yet it is presented in a reader-friendly "field guide" manner. Certainly this book is the best of what I own and will be a steadfast reference for the production of fine finishes by my hands in the central New Jersey area. -Douglas Keil- Palatial Paint and Plaster- North Plainfield, NJ 908.334.9995
