REVIEW OF AQA BUSINESS STUDIES PAST PAPERS

- Item shipped in a timely manner and

arrived in the described condition. Would use this seller again.

- I saw a 12-part documentary on the American Revolution, and it mentioned in passing, that Thomas Paine was too radical to be classified a "Founding Father" and it piqued my curiosity. Paine then, was considered "revolutionary" even more so than the other revolutionaries who established an independent nation. This so fascinated me that I set out to discover biographies on Thomas Paine. This one, "REBEL!" by Samuel Edwards, was one of those which emerged just prior to the growth of the Internet, so there are no reviews for it; but if you can get a copy, you will be surprised at the biographer's expertise and erudition. Biographies are not so cut and dried as a reader may generally

suppose. A biographer is primarily, an editor, and an editor of history at that. His own experiences and talents will filter all of that which he examines; and believe me, that are hack biographers. Samuel Edwards turns out to be one of the better Biographers. I knew I had struck paydirt when I read the first pages. Here is a brief example of Edwards at his craft..."Even in his own time Thomas Paine was regarded throughout the Western world as unique, and so complex that neither friend nor foe could classify him. Was he a true humanist, dedicated to the cause of freedom; or was he merely an iconoclast who advocated revolution for its own sake? Was he a deist or an atheist? Was he a philosopher whose thought was a natural extension of the work of John

Locke, or was he an intellectual charlatan? Men could agree only that his pen was mighty beyond compare and that his eccentricities fascinated, amused, and repelled them."---p. 4, "REBEL!: A BIOGRAPHY OF TOM PAINE" by Samuel Edwards by Praeger Publishers, Inc., 1974.. I find myself identifying with Thomas Paine, since a wise priest had informed me one evening of a critical fact about human experience, when he said; "There's not just ONE WAY to be." I have never forgotten that wisdom; and so I find that Thomas Paine reflects that. Thus, it may be that some human beings do not exhibit a limited personality, which at best, articulates only a single talent or feature. There may be some men, who transcend conception, as far as being

limited to say, Philosophical Pursuits, or Financial Gain, or Generalship, or characterized primarily by either a Virtue or a Vice. Some human beings, at least theoretically, may exhibit most if not all of such features, and moreover, may combine such characteristics in combination with an uncommon visceral power, in which their Mind is connect to their Feelings, so as to produce a person of great discernment, who cannot but have a powerful impact upon mankind..This seems to have been the case with Thomas Paine. He is a man who literally, transcends the limitations of his own cultural foundation, who cultivated the capacity to articulate universal truths in language that it could stir men's Souls...Thomas Paine was actually an Englishmen whom made the

acquaintance in England of Benjamin Franklin, and conversed with him over many dinners as a guest of the famous American. Ben Franklin say great potential in the opinionated Paine who was then 37 years of age. It was Franklin who lent Paine the money for an October passage to New York, and a letter of recommendation which helped Paine get settled with employment in Philadelphia as Editor-In--Chief of a new American paper, entitled "The Pennsylvania Magazine". At this position, Paine's natural talents as a writer interested in Philosophy, Politics, and Science put him at the forefront of American thinking, at a time when the advocacy for American independences was becoming a factor in the 13 English Speaking Colonies.By the way, to understand what is happening in

American Politics to day, it is possible to acquire a deep insight into these "Tea Party" affairs by reading about Thomas Paine, and studying his thought in his popular works such as "Common Sense".
