REVIEW OF ANNU AL REPOR T PENTA INVESTMENTS

- Put simply, this is a fantastic book. Following the character of Jonas, Lois Lowry tells the story of a world in which difference has been obliterated, rudeness is obliterated, and everything is controlled. However, beneath this Stepford-like perfection lies the truth--in order for this utopia to continue, lies must be told and atrocities must take place behind closed doors, in the dark and silence. At the start of the book the reader has only a vague (though persistent) feeling of creepiness, though as the story continues this escalates into full revulsion. As I was reading, I could not help but be reminded of Ayn Rand's book, "Anthem" (those who enjoyed the Giver might find that they enjoy this book as well, and for similar reasons). This book reminds us of the importance of pain and joy, and reminds us that even though life might sometimes hurt, the goods are worth fighting for. From a philosophical standpoint, this book is beyond fantastic in its implications and the issues it raises--a must read. Brilliant.

- Lois Lowry does a wonderful job creating a futuristic/utopian society. There is one person chosen in the society that has to hold all of the memories from the past. The chosen one is a 12 year old boy named Jonas. Once the Giver has successfully passed on all of the memories, Jonas alone will have all of the infomation from the past- good and bad. When Jonas starts to feel the true pains and pleasures in life there's no turning back. He has to make a decision based on his limited knowledge at the risk of hurting everyone in the society. Maybe living in a utopian society would be nice. Being told how and what to do at all times, but how do you deside who is in charge? Is it possible to let someone else controle your every move? This is the kind of society that Jonas has lived in for 12 years. How would you react if you suddenly had the freedom to think for yourself? You will have to read the book to find out what he decides.
