## **REVIEW OF SOLUTIONS MANUAL SEPARATION PROCESS ENGINEERING**

- Stayin' Alive is a real eye-opener. I think all women and men should read this book. It will change their minds about having a gun. The stories are really intriguing.
- This is an excellent beginner primer to Western Alchemy and its tenets. The author does a good job of presenting and explaining the symbolism of Western Alchemy, and the relationship of the

planetary and elemental energies to alchemy. More importantly, he emphasizes the importance of doing internal work and explains how Western

Alchemy can be used for internal work. This is an excellent starter book for anyone who wants to learn about the fundamental basics of alchemy.
