Keep in mind, reading reviews can aid you make educated choices concerning what to review next and can subject you to brand-new writers and styles you may not have actually taken into consideration before.

REVIEW OF CLASSICAL GUITAR ROYAL CONSERVATOIRE OF SCOTLAND

- One feels like a heel for even writing a review of Allende books. While there are a couple of duds, most of her books are so infused with magic that there's nothing a reviewer can say to improve upon or invoke the sense of wonder that he takes away from such a text. In Paula, Allende said that this book was the most difficult to write as she was trying to write a novel from the outset and she got stuck halfway through as Eva Luna ran into her revolutionary boyfriend only to realize that he was a clod. Intended ending had to be changed but what resulted was one of the most brilliant texts ever. Eva Luna is a strange girl of the streets learning to tell stories in order to transform reality into something wondrous. Her soulmate is the abused son of a Nazi captain whose childhood leaves indelible scars. Throughout the course of the novel these two go through various adventures, accidents and side tracks on the inevitable road to each other. A road which neither can recognize until they are staring each other in the face. Of all of Allende's books this is the one where Magical Realism is most pervasive as two headed children are born and bodies refuse to decompose. Besides House of the Spirits and Paula this is her best book. It's on a smaller scale than House of the Spirits but the life of Eva Luna is just as compelling as the history of Chile.

- While the older books in the Hardy Boys series are great adventure stories for adolescent boys, they are terrible in the area of multicultural accuracy. Their treatment of the people of other cultures is ridden with the absurd clichés that were the norm in the mass entertainment of the times. In this case the story was originally published in 1955 and the Hardy Boys and their friends travel to Guatemala. It begins when their friend Tony Prito receives an unusual inheritance; a relative dies and leaves him the contents of a curio shop. Almost immediately Tony receives a mysterious offer from a man wanting to buy the contents for a small amount and when he refuses there is danger and several attempts at theft and intimidation. This does nothing to deter the Hardy Boys although in keeping with the characters, it does disturb Chet Morton. After discerning several clues, the Hardy Boys, Tony Prito and Chet Morton travel to Guatemala where they are looking for buried archeological treasure. I grew up devouring the Hardy Boys books, the incarnation that I read were those published before 1970. At that time, the caricatures of people in other groups were false, yet largely accepted. The adventures in this book are typical of the early Hardy Boys, they are regularly knocked senseless and everyone else speaks in a simplistic dialect. While modern readers will often object to the portrayals, there is something enduring about the adventures and the danger that appeals to the innate need of young human males to explore.
