REVIEW OF A BROKEN SPIRIT D CHANGE MY HEART O GOD C D TRBC

- I always wanted to read this book due to its intriguing title, thinking that it would address the very issue from the beginning. Conversely, 90% of the book is about birds, animals, fish and other organisms...It gets very biological towards the middle and really detailed with birds...No matter how dissatisfied you are with Darwin's work you still have to read it. Analogous with an Al Pacino movie, even if it's not a good movie you

will still be interested in watching it...All in all, it's worth spending the time with the option of quickly flipping through the birds chapters!!

- This book is the "bible" of every serious professional horseman. Mine was borrowed and not returned. I dreaded having to replace it but it was important to me. I looked on Amazon, found it for about half of retail price, ordered and it arrived within a couple of days. Condition is perfect. Problem solved without leaving my house! Would definitely deal again.
