Thanks for choosing our platform for your PDF downloads. We eagerly anticipate giving you with outstanding solution and diverse choices for several years to come.

## REVIEW OF 2005 GSXR 600 SERVICE

- I could not put this book down. I read it in a weekend.
- As someone who actually watched the first couple years of the show religiously and lost interest after the original cast left I do have lots of memories coming back from this book. However, I didn't get that much new information, I read 'wired' 15 years ago, so I knew about drug excess, etc. Personally not a big fan of Belushi, who the authors seem to love, my all time favorites are Phil Hartman, Bill Murray, Will Ferrel in that order. Some observations-the book is organized very lazily, snippets of interviews of mostly unknown writers, producers, agents that are not strictly chronological. I guess it was easy to just transcribe

their interviews without trying to weave a narrative but I find it distracting and unprofessional-Al Franken stories reinforce that fact that he is a born a-hole.-find it amusing the excuses 'nobody knew you could die from cocaine'..please, showbiz types feel they are entitled to do whatever they want and love to make excuses

after the fact.I guess I would give this a lukewarm recommendation, little bit interesting if you need a beach book or something, but not one 'wow' moment in the entire book for either content or writing style.
