Learn to Write Business Messages Quickly and Easily with the Three-Step Process You will learn to write business messages quickly, easily, and effectively with the exclusive

Bovee/Thill/Schatzman three-step process: planning, writing, and completing business messages. When you use a process, you move toward a particular result, and this text's three-step process helps you get better results than you would get with any other business communication textbook. Students and instructors alike will appreciate how this practical, three-step strategy provides a solid foundation for solving communication problems and creating well-crafted business messages. The three-step process is fully integrated throughout the book. It is introduced and explained in detail in chapters 4-6, just before the specific types of business messages are discussed. Then the three-step process is applied to short messages (letters, memos, and e-mail) in chapters 7-9, to reports and proposals in chapters 12-14, to speeches and oral presentations in chapters 15-16, and to employment messages in chapters 17-18. \*Planning \*Analyze Study your purpose, lay out your writing schedule, and then profile your audience. your audience. \*Analyze Study your purpose, lay out your writing schedule, and then profile your audience. \*Writing \*Organize Define your main ideas, limit the scope, group your points, and choose the direct or indirect approach. \*Compose Control your style through level of formality and conversational tone. This text provides dozens of superb examples of the finished product, including documents from such well-known companies as Krispy Kreme Doughnuts, Ace Hardware, Target, Office Depot, Petsmart, and Carnival Cruise Lines, to name just a few. Many documents are accompanied by a graphic describing how the three-step process is applied, and all include annotations in the margins that discuss precisely how to apply the principles presented in the text. reasons that Business Communication Today is the most successful business communication textbook published in the past 50 years.

**M: Management** Prentice Hall

Internal communication is a growing field with the number of specialists increasing worldwide. In spite of this, and vast increases in spending on communication, research shows that organizations are finding it difficult to raise the number of employees who feel well informed. Now, more than ever, internal communication does not just concern communication managers. In today's lean organizations line managers are taking on more and more of the burden of employee communication and managers of remote offices have to be their own communication managers. 'Talking Business: making communication work' addresses the key issues in communication within organizations, supported by case studies taken from experience of working with global businesses. It provides a coherent theory of business communication and shows how a radical difference to communication practice and business performance can be made. The authors employ an interactive structure throughout with signposts to link related cases and chapters.

**KEY BENEFIT:** With its real-life examples and cases, and its lively, conversational writing style, Bovee/Thill/Mescon brings concepts to life and prepares students for obtaining and pursuing satisfying business careers. **KEY TOPICS:** Bovee/Thill/Mescon weaves a four-part pedagogical tool through out each chapter. It starts with Orient, which outlines what is going to be covered in the chapter and then connects these topics with a “role-model” business professional. Next is Explore, which looks at the skills that their “role-model” used in order to be successful. Third is Confirm, which revisits what they have learned in the chapter. And, finally, Apply allows students to use the skills they have learned in the chapter. **MARKET:** For introductory level business students.

M: Business Communication was created with students' and professors' needs in mind. Written by the co-authors of Lesikar's Business Communication: Making Connections in a Digital World, 12/e, it provides both student and instructor with all the tools needed to navigate through the complexity of the modern business communication environment. M: Business Communication attends to the dynamic, fast-paced, and ever-changing means by which business communication occurs by being the most technologically current and pedagogically effective book in the field. It has realistic examples that are both consumer-and business-oriented. Students receive a cost-effective, easy to read, focused text complete with study resources (both print and online) to help them review for tests and apply chapter concepts. Professors receive a text that contains all the pertinent information - yet in a more condensed format that is easier to cover by students. Student friendly design - M: Business Communication was written and designed with today's student reader in mind. The layout and design provides student visual stimulation they've come to expect. The content was written to focus on the key concepts only. The examples provided have been selected for greater student appeal. The writing style is highly readable with today's student reader in mind. ALL END OF CHAPTER MATERIAL IS LOCATED ONLINE ON THE OLC. Study/Prep Cards: these Study Cards are come bound in to each new book. There is 1 Study Card for each chapter. They do not regurgitate information from the text, which allows students to use the card passively. Instead, the front of the card asks the student to write what he/she recalls from each of the learning objectives in the chapter. After completing this step, the student turns to the back to review the learning objectives broken down into bulleted lists, and then completes fill-in-the-blank application questions to test their knowledge beyond basic comprehension. The answers to these application questions are available on the bottom of the card (upside down). The point of these cards is to create useful exercises that actually help students LEARN and remember, as opposed to passively reading (or not reading) the cards.

## REVIEW OF BUSINESS COMMUNICATION ESSENTIALS 7E BOVEE THILL

- Do not read this book if you are pregnant! The very first story is about getting bad ultrasound results and months of anguish and the baby being born with a disability. Not at all comforting. I wish I could give it zero stars.
- This is one of those books that you wish would never end. I have never been disappointed by any of W.Smith's books.
