REVIEW OF THE TUBE AMP BOOK DELUXE REVISED EDITION BOOK AND DISK PACKAGE HARDCOVER

- Just when you think you knew who did it then wham! A curveball comes in to reveal the true killer. A great read!

- I was so dissapointed by this book! I read the first two and thought while they were not up to Julia London's previous books, they were light airplane reads. After 50 pages of Rachel not doing anything but letting her friends use her and eat, I was bored, bored, bored.I only skimmed through to see her parents moving forward.I do not recommend this book at all!
