Bear in mind, checking out reviews can help you make educated choices about what to read following and can subject you to new authors and categories you could not have actually thought about previously.

REVIEW OF CONTENTS OSC IB

• Who would have thought that this old chestnut from high school would deliver such joy. The words brought to life the characters and the time they lived. Definitely worth the read, it is a Classic.

• I respect the point of view of the reader who said that he/she can't add much to the opinion of countless generations who read this classic for the past 150 years. Classics last this long because they're masterpieces, and hence this work deserves five stars. The only thing to add in my point of view, is that I won't be surprised to learn that Dickens wrote this story especially for school boys who are really struggling to identify themselves and determine what is really important in life. No wonder this is one of the most required readings in middle school. In other words, adults won't find in it a mature story like the one in Steinbeck's *East of Eden*, or the taboo-sex theme of Nabokov's *Lolita*. This is about a young boy who goes on a long journey and ends up finding himself and realizing what really gives him happiness in life. As for the ending, there are two endings; published and unpublished, and I like the published more. Don't read further for I will give the ending away, unless you've read it already, but in the last paragraph Pip says that the mist of the evening when he held hands with Estella reminds him with the morning mist when he left the forge. The way I see it is that Estella will go through the same journey that Pip went through when he left the forge and went to London, the journey that was initiated by Estella's father and that helped Pip to be a better man. Now Estella will go through a journey initiated and guided by Pip in order to make Estella a better woman. Magwitch hurt Pip in the beginning but Pip helped him so Magwitch gave him all his money. The money was gone but what was left was more important than money: The journey and experience that made Pip a better man. Estella was mean to Pip, but Pip loved her, and destiny put them both on a crossroads at the end of the novel, but because Pip loves Estella and because she is Magwitch's daughter, Pip decided to walk with her in a journey that will make her a better woman. Magwitch and Estella, father and daughter, never met. But there was a link between them; Pip, who became a better man because of the father, and who will now pay him back by making his daughter a better woman. *Great Expectations* is about the magical and ironic links between people, and how the person who you think hurt you the most may end up to be the person who helped you the most. The fact that an evil man is not as evil as he seems, and a pure man is not as pure as he seems. And these are just few of the many other themes in this classic. So the bottom line is, this novel may be more meaningful to the middle school son than to the forty something father. Read it early before you get older!
