So why wait? Begin downloading Introduzione Alla Psicologia Scribd Com PDF today and experience the convenience and benefit of accessing a vast array of valuable records at your fingertips.

REVIEW OF INTRODUZIONE ALLA PSICOLOGIA SCRIBD COM

- The Heart of the Sea...A sad but exciting story. One of the best books I've read. Sometimes it was hard to read through the grewsome cannibalism the shipwrecked crew had to resort to, the days when they were weaker than a baby at birth, and the despair of being in the middle of the ocean with nothing but salty hardtack bread, some tortoises, and half a pint of water a day. It is an amazing story of loyalty, survival, belief, and strength. Anyone who reads this should be a little over 13 years old. It is graphic, grewsome, and a very mature story for some people who cannot handle torture, cannibalism, blood, and tension. This book was very well done and Nat Philbrick did a very good job combining the story from several survivor's journals. He put it together well, and even though there was no dialogue, he gets the story down well. Almost every man on the Essex had a part in the survival of the crew. This event and tragedy is extremely worthy of recognition, especially on Nantucket Island, the homeland of man men on the Essex. This is an AWESOME story of the men who survived 90 days on the sea.

- In the Heart of the Sea author Nathaniel Philbrick has managed to write not only an engrossing account of 19th century maritime tragedy, but he also reminds us of the roots of our culture and its ancient connections. Here we see the hunter gatherer male in archetype, drawing on his reserves of cunning and stamina, eerily reminiscent of his cave dwelling ancestors. Women left for two years at a time, empowered socially, economically and sexually, as only their American daughter's nearly two centuries later will be. Raw American capitalism, with its emphasis on risk and reward, where the wealthy minimize their risk, and human labor is merely a commodity to be managed. Christian faith distorted into a communal ethos, based on man's greed versus the Almighty's creed. A caste system of class, race and birthplace, whose fates conspire to determine those who would live and who would perish. Man's arrogance and abrogation of nature, his sense of dominion and omnipotence overturned by the leviathan he pursues. More than a page turning epic, this book casts long shadows into who we are as an American people. We see our modern age, playing out in many of the themes that echo in the chapters of Philbrick's masterpiece.
