REVIEW OF TD 3 MANUAL

- This is a truly awesome book. In this story, Jones, (the main character) lives in a "perfect" world in the future. There is no hatred, feelings, love, religion, books, or history. Jonas is chosen to become the receiver of memory, and hold the Community feelings. Along with the Giver, Jonas makes a decision that will change his life -and the Community- forever. This is a truly awesome book!!!

- Wow, what a way to kill a series of books. I doubt Griffin even read it, let alone co-authored it. The characters are flat, the storyline is boring. What is the plot? On going characters from earlier books are simply left out or they are only mentioned briefly. Do I even bother reading the next book?
