Bear in mind, reading reviews can help you make educated choices concerning what to read following and can expose you to brand-new authors and categories you could not have taken into consideration in the past.

REVIEW OF GRADE 11 ECONOMICS PAPER 1 FINAL EXAM

- I waited 12 years for Ayla, and this book was a total disappointment. Nothing new happened, no new feelings, no new inventions, no new animals, no interesting story. Just a retelling of the previous books and a very expected meeting with the

Zeladonii. Even the baby is only barely mentioned. I almost gave up in the middle it was so boring. I read the bad reviews and refused to believe it, but if I hear bad review on 6 (who knows how long it will take to come out) I'm not going to read it. 1,2,3,4 were amazing. Jean, what happened to the magic?

- IMHO, this book should have been about 150 pages, not 750. Auel's 5th book in the Earth Children series is more of a historical recount of an era than a novel of a people. She spent more time describing the vegetation and rock formations than she did her characters. When she finally did get around to some dialogue, more often than not, it was passages taken from her earlier books, or to recount the same stories over and over again. Gee, was that how Whinney came to be with her, oh, ok, tell it again, please, again, again, oiy!!! The characters did not mature at all, and by the end, I was hoping for an earthquake to put my out of my misery. This book had so much potential, new antagonists, past acquaintances reemerging, not to mention the dynamic duo, however, she just dropped them all in lieu of yet another verbose description of the era. If I wanted a history book, I would have purchased one. This book was truly a disappointment. However, if you're a fan of Auel's characters, as I am, it's still a must read.
