REVIEW OF FISKE GUIDE TO COLLEGES 2016 BIBIT

- I live in New York city so have been worried about protecting myself from any further terrorist attacks but wasn't sure what to do. This book gives you great tips that you can use now. Obviously, there are some scenarios where it doesn't matter how prepared you are (and the book is upfront about this) but there are things you can do that

will help you in many other scenarios. Also, it's an easy read and great reference manual - if you've got to travel to Spain or Gabon, this book will have some websites and numbers you need.

- I have gotten lost in the trap of society's dream for so many years that I didn't know who I was or what my own dream was...until now. It is just the start of my journey but in a short time I am realizing that I don't have to take on anyone else's poison anymore. My dream is a very happy one and getting happier.
