REVIEW OF POWER SYSTEM ANALYSIS BY STEVENSON SOLUTION MANUAL

• MOST COMPELLING BOOK ON THE SUBJECT I HAVE EVER READ. I HAVE GIVEN MANY COPIES TO AN ASSORTMENT OF FRIENDS AND I HAVE NEVER HAD ONE THAT DID NOT SAY, AFTER READING,.....THIS IS A GREAT BOOK!

• It appears that most of Saadawi's books were written and published during the early 1980s, with nothing really new thereafter, besides reprints. She had her own website in 2009, in which she noted her displeasure with U.S. President Obama's speech to Muslims in Cairo, Egypt. In HIDDEN FACE OF EVE she reveals that she is anti-capitalistic, and supports some form of a socialist economy. In HIDDEN FACE OF EVE she clearly establishes herself as Egypt's most outspoken feminist. She opposes any genital mutilation of girls, and rails against fundamentalist Arab governments that curtail educational opportunities for women, and rebukes the Muslim cultural norms whereby men prevent women from having the same `human rights' that men have: easy divorce, owning property, voting, dating, etc. She was imprisoned for a month in 1981 for opposing Egyptian Pres. Sadat's recognizing the existence of the Jewish state of Israel. Rather than recognizing the stronger fighting spirit of Israeli soldiers during the 1967 Six Day War, or the lack of battle stamina of the Arab soldiers, Saasadawi offered a novel idea as to why the Israeli military routed the Palestinians from Palestine: because the Palestinian males were so afraid that the Israeli soldiers might abuse captured Palestinian women, instead of defending their homeland, "one of the factors that forced the Arabs to leave the West Bank of Jordan during the 1967 war was their desire to protect the `honour' of their womenfolk" (p. 2); flee, instead of fighting! Heroism, indeed! The author faults the psychologist Freud in misunderstanding women (p. 152). She writes a lot of detailed analysis in explaining why the male-dominated Muslim culture so oppresses women. She rebukes the Islamic idea that women are Satan's handmaidens. She refers very frequently to the Quran/Koran and the ahadith to either support her feminist beliefs or to rebuke Muslim male malevolence. Nonetheless, she still concludes that Islam is the solution rather than the problem for women -- if only the male imams would recognize Eve's sexual enlightenment that is hidden beneath her veil.
