REVIEW OF HILUX SURF MANUAL

- This book is about a man who finds an underwater secret boat. Everybody on land is trying to find it because they think it is a Narwhale. The "narhwhale" which is really a submarine ran by Captin Nemo is going through boats and sinking them. The submarine went through a boat and three men got caught on top of the sub. Captin Nemo found them and made them stay aboard for a long time. Read about the remarkable journeys of the three men and how they lived off of the sea in 20,000 Leagues Under the Sea. I liked how they left cliff hangers at the end of each chapter, it made you keep on reading and you couldn't stop because it was so good. I recomend it for ages 9-16. I loved this book!

- This book set the standard for all pieces of poop
