REVIEW OF SERVICE MANUAL FOR TOYOTA 11Z DIESEL ENGINE

- The author does an great job at cutting through the paleobabble of every atheist's favorite pseudoscience, evolution. While the PBS show claims evolution to be fact, Sarfati succinctly dismantles the 'evidence' with scientific precision.[...]
- This was a good book, although I did find it a little difficult to read at times because it was written just the

way Loretta talks. I like her, but I had to wonder as I read, if she was being completely truthful in her account of everything that happened. She had no problem telling about how her husband drank, cheated and so on. Yes, she did admit that he was also a good man. But with all her time away from home and those hours and days spent with other men she had to have had some pretty interesting experiences herself. She needed to come clean on her end too. How about a little more honesty Loretta? Barbara Walters wasn't afraid to tell the truth so why should you be?
