REVIEW OF OWNING REGINA DIARY OF MY UNEXPECTED PASSION FOR ANOTHER WOMAN ENGLISH EDITION

• This book is awesome! I think it is better than the movie. I am absolutely OBSESSED with Star Wars. So when I saw the first preview of Episode III and heard the movie was coming out in May, I was beside myself with excitement! I literally felt like I was about to BURST! One day, I found out that Matthew Stover was coming to a book store near the place where I live to discuss his book with others. I just HAD to be there! And fortunatly, I was able to go!!! I got to ask Matthew a couple questions about the process of writing Revenge of the Sith, and I had him SIGN my copy! Afterward, I decided that I would not read the book until right after I saw the movie. And a few days after I saw the movie, I snatched that book and put my nose right in it. I did not like the beginning that much because the first two little battles were way too detailed for me and I thought they would never end. But the more I got into it, the more I fell in love with the story, the characters, and the deep, deep emotion in this wonderful book. I was extremely disappointed when I got to the end of this book, and now I want to read it again. I love the way this guy writes. I just find it so interesting. I might try reading some of his other Star Wars books as well. If you have not seen the movie yet (which I highly doubt) and you are an anti-spoiler type, you should definetly buy this book, but you don't have to read it yet. If you have seen the movie (which you probably have)then this book is a must-have if you want to really almost feel the true feelings and emotions the characters experience in this story. Either way, you MUST buy this book. PLEASE buy it today!!!Signed,A 13-year-oldStar Wars-lovingGirl.
