In *The Art of Listening*, Anthony Arnone interviews 13 of the top cello teachers of our time, sharing valuable insights about performing, teaching, music, and life. While almost every other aspect of twenty-first-century life has been changed by technological advancements, the art of playing and teaching the cello has largely remained the same. Our instruments are still made exactly the same way and much of what we learn is passed on by demonstration and word of mouth from generation to generation. We are as much historians of music as we are teachers of the instrument. The teaching lineage in the classical music world has formed a family tree of sorts with a select number of iconic names at the top of the tree, such as Pablo Casals, Gregor Piatigorsky, and Leonard Rose. A large percentage of

professional cellists working today studied with these giants of the cello world, or with their students. In addition to discussing the impact of these masters and their personal experience as their students, the renowned cellists interviewed in this book touch on a variety of topics from teaching philosophies to how technology has changed classical music.

Embellishments and techniques that make good Irish fiddle playing so infectious, such as rolls, cuts, triplets and slides are gradually introduced. the student will also become familiar with

some of the more advanced ideas concerning playing Irish traditional music such as variations and dynamics - subjects which are covered in greater detail in "Irish Fiddle Playing: A Guide for the Serious Player" book/CD sets by the same author. Useful appendices and a cross-referenced glossary are also included. The accompanying CDs contain all the tunes in the book (played at a slow tempo) plus many exercises. Just how "Irish" is traditional Irish music? Trad Nation combines ethnography, oral history, and archival research to challenge the longstanding practice of using ethnic nationalism as a framework for understanding vernacular music traditions. Tes Slominski argues that ethnic nationalism hinders this music's development today in an increasingly multiethnic Ireland and in the transnational Irish traditional music scene. She discusses early 21st century women whose musical lives were shaped by Ireland's struggles to become a nation; follows the career of Julia Clifford, a fiddler who lived much of her life in England, and explores the experiences of women, LGBTQ+ musicians, and musicians of color in the early 21st century.

This book is the ideal primer for anyone wishing to participate in an "Irish session." This musical gathering is apparently quite different than a blues, jazz or bluegrass jam session in that it is customary at Irish sessions to play in tight unison with the other musicians,

adapting appropriate tempos, rhythms, and ornaments in an attempt to fit in with the "groove." The "Irish Session Tune Book" features 300 reels, hornpipes, polkas, slides, and slip-jigs written without chord symbols for the melody instruments commonly played in Irish Sessions. The author shares a wealth of melodies collected over the past 10 years, the majority learned by ear at Irish sessions: fiddle, accordion, tinwhistle, tenor banjo, mandolin, bouzouki, etc. Authentic ornamentation is suggested for each tune with the admonition that ornamentation may vary from region to region and chorus to chorus.

Today the cello is usually considered a classical instrument, but from the late 17th to early 19th centuries it was used in folk ensembles to provide low, driving rhythms for dance tunes and to render haunting Scottish airs. Within the folk music revival of the past forty years there has been a small but dedicated movement to restore the unique richness of the cello to traditional music, and Abby Newton has been on the forefront of that movement. Abby has been deeply involved with Scottish music ever since, traveling to and performing in Scotland many times. the airs, planxties and reels in this book come from traditional and contemporary sources, including the 18th-century fiddler Neil Gow, harper Turlough O'Carolan, Daithi Sproule, David Hornung, Alasdair Fraser, Ronnie Aimes, and others. All 19 of the tunes are written for solo cello with chord symbols included on most tunes for an accompanying instrument. the text also includes the author's notes on the origin of each tune.

REVIEW OF THE IRISH CELLO BOOK TRADITIONAL

- This is a companion book to Codependent's Anonymous. It's a 24 hour meditation book with a a theme for each day, full of the sayings and wisdom of Melodie Beattie. I have given this book as a gift and its always appreciated. It's a pleasure to read and a very practical book... it's a great way to start or end your day.
- I didn't think that Freeling was going to be able to equal _The King of the Rainy Country_, but I think that _Gun Before Butter_ achieves that and (just possibly)

more. Van der Valk links the melancholy story of Luciene Englebert with the fate of a secretive man found dead in

Amsterdam. A sad and gripping story that inspires deep satisfaction in the reader.
