REVIEW OF PSP 3000 USER GUIDE

- This is one of the most helpful books you can read on stock investing because it provides, in my opinion, the best advice on selling. Loeb's advice to cut losses promptly helped to inspire me to

develop the strategy found in my "Investing: More Success With Less Stress", which I consider to be an extension of Loeb's strategy, quantified. No matter what the pros say, the buy-and-hold strategy is obsolete.

- This book is one in a vast library of African American literary history that I possess. It is academically written, yet very easy to read. The contents of this text continue to inspire my will to be a great humanitarian, world citizen, and advocate for African education, science, medicine, and unity
