REVIEW OF PHYSICS QUEST ANSWERS

- I loved the Frances books growing up and now my two-year is enjoying them. I just read Bread and Jam to her and she loves it, especially the songs Frances sings (I sing them to the tune of Mary has a Little Lamb). I love the parenting advice in the book, too. We love the description of the lunches these little

badgers unpack and eat at school. I love the quality of the illustrations and the writing. I think it's children's book writing at the best. So many books now are just plain silly!

- Now a whole book featuring McBain's least likeable character, Ollie Weeks. Fat Ollie's written a book and during the investigation of a mayoral candidate's murder someone steals it from Ollie's car. now the hunt is on. The murder case is pushed to the back burner as we are punished with excerpts from Ollie's book, Ollie in lust, and meeting someone even more loathsome than Ollie, his snitch the pederast Fats Donner. Enough already! Coupled with a fairly simplistic mystery, this book is McBain at his weakest, scattered and barely able to hold the interest of the reader.
