## REVIEW OF SOCIAL STUDIES CHAPTER 2 STUDY GUIDE ANSWER KEY NAME

- Much good information, but-----When discussing the Battle of Fort Pillow, most if not all Dixie-bashers start their distortions by leaving things out of the description of the fort itself. Originally a Confederate fort, it was next used as a Yankee outpost. It came in handy for transporting cotton stolen by Yankees from Southern civilians and shipped up the river for sale. It was a base for legitimate military operations (if you believe that an offensive war, against a country that doesn't threaten your country, is in any way legitimate). Later when terrorist actions against civilian women, children and old men became a major activity, it provided a sanctuary for the terrorists, who could find safety to rest up, replenish ammo, and dispose of the articles stolen from nearby homes. Military authorities had ordered abandonment of the fort; this was not done, probably because of the profits from stolen cotton.Confederate soldiers whose homes were subject to terror raids prayed for destruction of those who terrified their families, and often molested the girls and women, and burned the homes and barns. The most feared were slaves who had run away. Escaping is, of course, most understandable. But the ones who joined the Yankees knew the roads, knew where the females were, and whether they had protectors; where the guns were; where the cotton was, where food and horses were, and even where the men of the house were.Another great concern was the possibility of a general slave uprising, bringing a terrible race war like Haiti suffered. The worst nightmare for Southern soldiers away from home was a mob of armed slaves attacking their families. So Fort Pillow represented a threat to their homes, a haven for war criminals, and there was a crying need for swift justice.Forrest, however, was very intelligent, and avoided giving excuse for retaliation against Southern civilians and prisoners. He would never have arranged a massacre. The northern hue and cry about Fort Pillow was mostly trumped up to counter Southern protests against war crimes by the invaders.

- Investigations into the "Fort Pillow Massacre" led by General William Sherman himself, determined that Forrest was not at fault and did not perpetrate any such "massacre." In fact, Forrest was credited with stopping abuses. Congressional hearings in 1871 absolved General Forrest of atrocities committed by the KKK (he actually dissolved the KKK to stop outrages).The "massacre" along with the "Emancipation" Proclamation (which actually freed no one at all) remain as the two greatest

perpetrations of propaganda in the American Civil War, and are disproven by historical fact. The fact remains that, love him or hate him, Nathan Bedford Forrest was one of the most remarkable soldiers in American history. He rose from the ranks to Lieutenant-General, a commander whose tactics were

studied for generations by the British Royal Army. It's unfortunate that subsequent historians have demonized the heroes while elevating war criminals such as William Tecumseh Sherman. One star for bad research and the ongoing whitewashing of history to suit political correctness.
