## **REVIEW OF WOOD TECHNOLOGY AND PROCESS STUDENT WORKBOOK ANSWERS**

- Yes, he is telling the truth. Yes, racism is alive and well in corporate America. I can relate and so can many intelligent, driven African Americans in corporate America. I see a lot of negative comments (mostly from New York, go figure.) I notice most are about the man and not about the book. I suggest you read the book. It's wonderful!!!! He admits he's not a saint. Are any of us? Sainthood is not a requirement to equality and is NO excuse for racism! And that's what this story and the negative comments on this page reveal. RACISM! Congrats Mr. Jett! You've fought a good fight. You may have lost a few battles along the way, but you've definitely won the war!
- A magical tale of enchantment...I first found this book in the public library when I was nine years old and fell in love with it. Years later I was able to check out this very same copy long enough to read it to my older two children. Now I am longing to read it to my younger children and have discovered that it is no longer available. Please contact the publisher and bring it back!
