## **REVIEW OF CASI TEST GRADE 8 ANSWERS**

- Clancy's writing is amazing! So descriptive I feel that I am in the scene living it with the characters. So hard to keep up with the changing battlefields, details and characters. I love how my brain goes into overload while reading page after page. In this genre, there is no better author or book!
- I bought this book for my research on my college thesis, which is about how the Faith-Based Initiative and Charitable Choice reflect a growing trend in government to privatize welfare

services. I want my research to be fully informed by all the various differing voices in the debate over Charitable Choice, and thought that this book would yield thoughtful, intelligent analysis and discussion. I was sadly disappointed. This book is not meant to be a resource for any serious scholarly discussion, as I found it greatly oversimplified many of the topics it approached, and is written very much in a consumer-friendly fashion. If you are looking for a book that will lay out the basic positions of supporters of Charitable Choice and the Faith-Based Initiative, and a simple explanation of what Charitable Choice is, then this is the book for you. However, if you are looking for serious scholarly discussion, don't waste your money.
