## **REVIEW OF THINGS FALL APART STUDY GUIDE WITH ANSWERS**

- What is it that gives One Hundred Years of Solitude its critical acclaim, where many high mimetic fantasies go unrecognized?

This book kept me delightfully shocked and appalled with its depravity and bleakness, but what makes it more 'literary' and likely to be studied in a high school English class than the charming tale of a wizard going off to defeat his arch-enemy? Is fantasy silly and childish? Because the Buendia family is reminiscent of a never-ending chain of eight-year-olds playing in a sandbox and fighting like savages over whatever their hearts desire. Harry Potter is more mature than Jose Arcadio. This is the story of the lost boys never growing up, but in this story their bodies mature and they have adult desires that they gratify however they can. Is realism just more literary than magic? What about the striking contrast between the verisimilitude of Macondo and the sudden appearance of magical phenomena? One

Hundred Years of Solitude is deliberate, artistic and crafty, but it is also ridiculous, over-the-top and at times childish. It really speaks to the human condition that this kind of debauchery is what we value over an imaginative epic of good versus evil. By the way, One Hundred Years of Solitude was a great read. It deserves every bit of positive critical acclaim it has received. It's incredibly engrossing and just taps into the darkness in humanity that we love to watch from afar.

- In my case, this is as true as the mixture of oxygen and nitrogen I am breathing right now. I am preparing to read it all over again for the seventh time, and I know that it won't be the last. The most significant word I can find for this book is MAGICAL!! Read it, for God's sake!
