REVIEW OF COMPUTER CONCEPTS 2013 CHAPTER SUMMARIES

- Jean Auel 's EARTH'S CHILDREN series, starting with CLAN OF THE CAVE BEAR, is my all time favorite read. The final book of the series, THE LAND OF PAINTED CAVES, however, was a HUGE disappointment. I want the author to know that after waiting over 10 years for this book, she really let her readers down. Again, Clan of

the Cave Bear, is a MUST read! The next book in the series, The Valley Of Horses, is as good! Enjoy!Jennie Porter Storch

- This book is an excellent choice if you want three things: a great heroine (in the form of Ayla), an epic adventure (this is the beginning of a long series), and lots of fascinating insight into the ways of prehistoric

man and the Neanderthals. I had never read a book based in prehistory and I was pleasantly surprised. The author's careful description of the tribe's skills held my attention, and I truly enjoyed watching the human girl, Ayla, become a woman among a Neanderthal tribe. I recommend this to high school students and older.
