REVIEW OF APPENDIX A BCA

• Clarissa's warm and accomplished speaking voice together with her insight into all women is must-hear book. Mesmerizing and ringing with wisdom, this book resonates with me from start to finish. I have read her book and heard it on tape a few times and continue to find new insights into myself.

Women who want to find their own inner truth, wisdom and creativity will find this a safe and inviting journey with Clarissa.

• I came across this book in my sister's library, an Agnes Scott College alum. After reading the first few pages, I was taken in utterly, completely. I learned later that the author had taught her Shakespeare there, and coincidentally learned that he has just died at 71 only a few weeks before this Christmas (2008). After reading "The Quilt," I knew I'd discovered a master, although his crisply recounting ear for mountain dialect may be difficult for some. Accurate and evocative, his stories nonetheless clearly tell their tales with sweet detail and emotional richness. I nearly cried at the end of "Wish Book," and I NEVER cry over stories. I laughed aloud reading "Rubygay's Radio." I grew up in the NC mountains, so the voices, inflections, dialects and inferences Mr. Ball uses so well and richly were spring-creek familiar to me, written so clearly that I can hear the voices as if they are speaking as I read. This rich regional language may be an obstacle to some, but I assure you that even if "Appalachian Twang" is not your mother tongue, these stories will reward you over and over again. Granted, I am still glowing from the experience of reading this book through for the first time, so perhaps I speak more strongly and with more passion than I might later. Even so, I would still rank this book as one of my very favorite book of stories, up there with Ellen Gilchrist's and other Southern giants' works. If you love the sound of mountain voices, you'll find yourself reading it aloud to hear it in your ear. If you crave the satisfaction of reading a master storyteller, you need this book; your heart needs this book. You may not know it yet, but you CRAVE these stories. Oh, and I almost forgot: this is a man. So many Southern writer's who tell these richly emotional stories are our Southern women writers. Though gender is really irrelevant with these stories, I found it delightful to discover a man's talent at this craft. I only wish he had many, many more books and stories for us all to have discovered before he left. I'm saddened that I was unable to write and tell him how dearly I appreciated his gift. If you love richly told stories of real life told with respect and abiding love for the people they portray, you owe it to yourself to discover this book for yourself. -C. Johnston, Flat Rock, NC
