Myths and Misconceptions about Teaching McGill-Queen's Press - MQUP

This book is about the central figure of our contemporary, 'liquid modern' times - the man or woman with no bonds, and particularly with none of the fixed or durable bonds that would allow the effort of self-definition and self-assertion to come to a rest. Having no permanent bonds, the denizen of our liquid modern society must tie whatever bonds they can to engage with others, using their own wits, skill and dedication. But none of these bonds are guaranteed to last. Moreover, they must be tied loosely so that they can be untied again, quickly and as effortlessly as possible, when circumstances change - as they surely will in our liquid modern society, over and over again. The uncanny frailty of human bonds, the feeling of insecurity that frailty inspires, and the conflicting desires to tighten the bonds yet keep them loose, are the principal themes of this important new book by Zygmunt Bauman, one of the most original and influential social thinkers of our time. It will be of great interest to students and scholars in sociology and in the social sciences and humanities generally, and it will appeal to anyone interested in the changing nature of human relationships.

Innovation, Access, and Change John Wiley & Sons

Originally published as *O Ateneu* in 1888, *The Athenaeum* is a classic of Brazilian literature, here translated into English in its entirety for the first time. The first-person narrator, Sergio, looks back to his time at the eponymous boarding school, with its autocratic principal and terrifying student body. Sergio's account of his humiliating experiences as a student, with its frank discussion of corruption and homoerotic bullying, makes it clear that his school is structured and administered so as to reproduce the class divisions and power structure of the larger Brazilian society. In its muckraking mode, the novel is in the spirit of Naturalism, imported from France and well-acclimated to Brazil, where it blossomed. At the same time, *Pompéia* maintains the novel's credibility as a bildungsroman by portraying the narrator's psychological development. The novel's conclusion suggests both a doomed society and its possible redemption, indicative of a moment of upheaval and transition in Brazilian history.

In *Making Intangible Heritage*, Valdimar Tr. Hafstein—folklorist and official delegate to UNESCO—tells the story of UNESCO's Intangible Heritage Convention. In the ethnographic tradition, Hafstein peers underneath the official account, revealing the context important for understanding UNESCO as an organization, the concept of intangible heritage, and the global impact of both. Looking beyond official narratives of compromise and solidarity, this book invites readers to witness the diplomatic jostling behind the curtains, the making and breaking of alliances, and the confrontation and resistance, all of which marked the path towards agreement and shaped the convention and the concept. Various stories circulate within UNESCO about the origins of intangible heritage. Bringing the sensibilities of a folklorist to these narratives, Hafstein explores how they help imagine coherence, conjure up contrast, and provide charters for action in the United Nations and on the ground. Examining the international organization of UNESCO through an ethnographic lens, Hafstein demonstrates how concepts that are central to the discipline of folklore gain force and traction outside of the academic field and go to work in the world, ultimately shaping people's understanding of their own practices and the practices themselves. From the cultural space of the Jemaa el-Fna marketplace in Marrakech to the Ise Shrine in Japan, *Making Intangible Heritage* considers both the positive and the troubling outcomes of safeguarding intangible heritage, the lists it brings into being, the festivals it animates, the communities it summons into existence, and the way it orchestrates difference in modern societies.

REVIEW OF CONCURSEIROS UNIDOS ORG

- Janice Galloway's *Clara* is such a complex and modern character, particularly for the period she lived in. Galloway portrays her as such a strong, independent woman with a fiercely stubborn streak, yet also having such compassion and tenderness towards her husband Robert. Clara arranges her concert tours, organizes the household, writes her own music, teaches students, tends to her ailing husband, and manages to produce eight children! No easy feat. Whether her independent streak was forced on her by the shortcomings of Robert, or by her fiercely dictatorial father is unclear. Galloway hints that it was probably a mixture of both. During all this time Clara's life was bound up with her husband's and they were separated only by the exigencies of her profession. She devoted herself not only to his society, but also the to bringing out of his music much of which owed its reputation to her. The story gives us a powerful overview of her life from her time as a child and a musical protégée under the tutelage of her strict and authoritarian father. Then we move onto her meeting, strained courtship and eventual marriage to Schumann. The novel is also notable for introducing us to many of the other composers of the period - Chopin, Brahms and Mendelssohn - all friends and respected colleagues of Clara and Robert Schumann. Clara is a beautifully and passionately written love story, and Galloway writes in a style that blasts us with images of their profound and very deep love. Her work is extremely ambitious in its scope - using threads from their music, letters, diaries, and itineraries, and also incorporating a type of "stream of consciousness" where we see into the minds of the main protagonists. Galloway creates piece of work that is absolutely breathtaking in scope and complexity, and a real challenge to read. But the novel is so much more than a love story. The reader constantly is bombarded with images from the Victorian era: the musical community of the 1800.s; the sites of Leipzig, Vienna and the other cities if the area; the sounds of the performances; the smells of the cities; the sexual attitudes, childbirth, and the domestic and household life of the period. Galloway's research is indeed meticulous and I'm sure the reader will find a lot to appreciate in this fine piece of work. Clara isn't an easy novel to read, but I'm sure that if the average reader sticks with it, they will be richly rewarded and they will finish having an interesting insight into the life of the wife of one of the world's greatest composers. Michael

- Yes, I go to high school and I still have great respect for the generation that has kept this country free. The people that fought in World War II is a generation unlike any other and Tom Brokaw's book *The Greatest Generation* portrays that. The book, which almost reads like a novel, tells the stories of men and women of all races that were involved in the war. I am grateful for this book because most of the veterans interviewed said that they would never have told their story if it wasn't for this book. Tom Brokaw, although he doesn't go into any major details, does send the message loud and clear that this generation is the most responsible, brave and modest group of people of present day. Reading the stories of these brave veterans convinced me that that generation was the greatest. Anyone that thinks otherwise need only to read this book.
